

# RENEWABLE ENERGY TALANOA

Project *DIREKT*

## Expressions of Interest

One of the aims of the EU-funded Project *DIREKT* is to promote better networking amongst local and regional renewable energy stakeholders through the establishment of a Local Renewable Energy Network. The Renewable Energy Talanoa will bring together national and international donors, international and regional government and NGO representatives, businesses, researchers and academics to discuss an issue of common interest. Attendance will be by invitation.

Expressions of interest are invited from renewable energy-related businesses, NGOs, international and regional government representatives, Fiji government ministries and other interested organisations to participate and exchange ideas and information in this half-day Talanoa session.

**Date and time:** Wednesday 23 March 2011 - 9 am – 2 pm  
**Place:** Postgraduate Seminar Room, USP, FSTE  
**Topic of discussion:** What is holding back Renewable Energy development in Fiji and the region?

To register your interest in attending this discussion session and to join the Network, please contact:
